Application:

> Antioxidant 697 is a sterically hindered phenolic antioxidant and metal deactivator. 697 is a non-discoloring, non-staining antioxidant and thermal stabilizer with outstanding metal deactivation properties.

Typical used in wire and cable insulation, film and sheet manufacture as well as automotive parts.

Handling and Safety:

> For additional handing and toxicological information, please consult us for Maternal Safety Data Sheet

Package:

Packed with plastic bag in composite plastic woven sack, Net 25kg/bag, 1000kg/pallet, 10pallet/20’FCL, or according to customers’ requirements.
